RESOLUTION OF THE MWEZENI SENIOR PRIMARY SCHOOL INFRASTRUCTURE CRISIS COMMITTEE

At a meeting held on 16-09-2011, the members of the Mwezeni Senior Primary School Infrastructure Crisis Committee (the Mwezeni Committee) resolved to instruct the Legal Resources Centre Grahamstown Office to institute legal action against the relevant departments and office bearers of the National and Provincial Governments of the Republic of South Africa.

The legal action arises out of the failure of the Department of Education to provide emergency infrastructure to Mwezeni Senior Primary School (Mwezeni SPS) to enable it to function and fulfill its mandate.

The purpose of the legal action is to obtain a Court Order to declare that the failure of the Provincial Department of Education and the Minister of Basic Education to provide appropriate emergency facilities for Mwezeni SPS while the school waits for permanent classrooms to be built, or a plan in this regard is unconstitutional and unlawful and to direct them, and other possible respondents, to provide Mwezeni SPS with appropriate facilities.

The meeting further resolved that Chairperson Nakhululekile Mshumayell is authorized to sign all necessary legal documents to institute this legal action in furtherance thereof.
